TURKEY GAINS MOST OF HER NEAR-EAST CLAIMS

Ulster Leaders To Join Conference Concerning Ireland

BELFAST, March 27.—(By the Associated Press)—The Ulster cabinet today accepted the invitation extended by Colonial Secretary Churchill to a conference in London of Irish leaders, called in view of the disturbed conditions in Ireland.

Premier Sir James Craig, telegraphing acceptance in behalf of the Ulster cabinet, said members of the northern government will arrive in London Wednesday.

LONDON, March 27.—A force of republicans attacked the police barracks at Newtownards, Co. Down, Sunday. After a rifle and hand gun battle, the attacking party retired, leaving six persons and several wounded.

Lloyd George Returns

LONDON, March 27.—(By the Associated Press)—Prime Minister Lloyd George was expected to arrive in London this afternoon from Wales, where he has been resting for the last two weeks. His friends say he has looked wonderfully from his brief vacation.

Mr. Lloyd George will not resume his usual activities immediately, however, but will further consider plans for the Union conference and prepare for his speech to the House of Commons a week from today, when he will seek a vote of confidence.

Mr. Lloyd George is not expected to participate in the conference of Irish leaders in London, but he is likely to see Arthur Griffith, president of the Irish Free State, and Eamon Duggan, home minister, if they are in London as expected. It is generally believed Michael Collins, head of the provisional free state government, will follow his colleagues to London.

Sinn Feiners Adjourn

DUBLIN, Mar. 27.—By The Associated Press.—The convention of Irish republicans adjourned today, after a session which ended its lengthy session last night without exhibiting any outward demonstration. The provisional free state government made no attempt to interfere with the proceedings and has not definitely stated it will take any action, although it is generally supposed that those who attended will be treated as having separated themselves from the rest of the army.

The action of the convention in unanimously adopting a resolution reaffirming the delegates' allegiance to the Irish republic met with strong condemnation among the supporters of the free state.

BELFAST, Mar. 27.—Deaths in the hospitals of two wounded persons last night brought the total of fatalities in the disorder of the weekend to seven.

Athens Man Kills Wife, Mother-in-Law, Self

ATHENS, O., March 27.—(By the Associated Press)—Buried over his failure to persuade his wife to live with him, Dr. H. W. Britton, 23, who lived near Torch, Athens county, shot and killed his mother-in-law, Mrs. Clark, of Portersville, his wife, Mrs. Britton, 17, and then ended his own life with the gun. A year old child of the Brittons was found crying near the scene. In the young man's pocket was found a revolver.

Woman Slayer Of Lawyer Kinkead, Cincinnati, On Trial In New York

NEW YORK, March 27.—In a court room crowded to the doors, selection of a jury to try Miss Olivia M. P. Stone on a charge of murdering Ellis Guy Kinkead, former corporation counsel of Cincinnati, began today before Supreme Court Justice Aspinall in Brooklyn. She was the first woman to be tried in King's county on an indictment for first degree murder in many years.

Government Asks For Dismissal In Case Of Bill Posters' "Trust"

WASHINGTON, D. C., March 27.—(By the Associated Press)—The government moved in the supreme court today to dismiss its case brought under the Sherman anti-trust laws, against the Associated Bill Posters and Distributors of the United States and Canada.

DRIVER OFFERS TO PAY MAN TO "FORGET" HURTS; LEAVES HIM ON CURB

CLEVELAND, Mar. 27.—(By the Associated Press)—A driver who was struck by an automobile and left in the gutter to die when he refused to accept \$50 from the driver of the car if he "would forget about the accident," his death makes the twenty-first from traffic accidents this year.

After striking the man, according to the story Sidiak told the police before his death, the driver lifted Sidiak into the car. After driving several blocks, he was taken from the machine and deposited alongside the curb because he refused to accept the autist's proffer.

To Stop Belfast Civil War

Workmen block street intersections with boards and sand to stop rifle fire between rival factions in Belfast. Snipers have claimed several victims in the past week.

Operators And Miners Back In New York, Tire Of Discussions

NEW YORK, March 27.—(By the Associated Press)—Labor members of the anthracite wage scale sub-committee returned from Cleveland today to renew negotiations with the operators in an effort to avert the strike called for April 1.

Both operators and miners expressed a desire to end the general discussions which marked the opening days of the conference last week and to confine future sessions to consideration of the 19 demands of the workers.

Demanding a 20 per cent increase in wages, the miners say they propose to demonstrate that wages in the mines failed to keep pace with wages in other industries during the war; that the total increase has been only 65 per cent since 1916; that the mine operator is making an excessive profit by under-paying his labor and overcharging the consumer, and that the mines could continue to show a reasonable profit to the operator after granting both an increase in wages and a reduction of prices.

The operators indicated that today, for the first time since discussion of a new contract was under-

Woman Slayer Of Lawyer Kinkead, Cincinnati, On Trial In New York

NEW YORK, March 27.—In a court room crowded to the doors, selection of a jury to try Miss Olivia M. P. Stone on a charge of murdering Ellis Guy Kinkead, former corporation counsel of Cincinnati, began today before Supreme Court Justice Aspinall in Brooklyn. She was the first woman to be tried in King's county on an indictment for first degree murder in many years.

Clad entirely in black, with a heavy veil obscuring her face, Miss Stone appeared to have been haunted by her long confinement in jail. Miss Stone, a graduate nurse, shot Kinkead last August on a Brooklyn street near his home. She claimed that she had been married to him, but that later he had married another woman. After brooding over the affair for several months, she asserted, she followed him from his office and fired and killed him as he neared his home.

TOLEDO HAS \$132,000

WHOLESALE DISTRICT FIRE

TOLEDO, O., March 27.—(By the Associated Press)—Fire caused by the ignition of celluloid toys from an unknown source, caused damage estimated at \$130,000 to the stock of the Nathan Brothers' Wholesale Novelty Company in the downtown section here early today. Seven carloads of imported toys and a large quantity of domestic goods on display were virtually destroyed. A fireman, severely injured, was removed to a hospital.

Bells To Toll, Governor Orders, Next Sunday, In Honor Soldier Dead

COLUMBUS, O., March 27.—(By the Associated Press)—Governor Davis today issued a proclamation asking that all churches throughout the state toll their bells for five minutes next Sunday at 2:00 o'clock, central time, as a tribute to the 1,500 American soldiers whose bodies will reach New York that afternoon, the last to be brought from the European battlefields for interment in their native land. The bodies of a number of Ohio boys are said to be among the 1,500, but their identity will not be known until they reach New York.

Boat Explosion Kills 4, Injures 6 Of Funeral Party; Craft Is Wrecked

PORT HURON, MICH., March 27.—Three investigations were under way here today in the boiler explosion that Sunday afternoon destroyed the Port Huron-Sarnia, Ontario, ferry Omar D. Conger, causing four deaths, bringing injury to seven other persons, rocking and terrorizing the entire city, and causing a property loss estimated at \$150,000.

City and police officials and Captain Fred J. Menn, of Detroit, government inspector of steam vessels, were conducting separate inquiries. The explosion took place as the vessel was tied at the wharf in Black river at the foot of Port Huron's leading thoroughfare.

The blast came half an hour before the craft was to have made its first trip of the season to the Canadian side.

The four men killed were members of the crew.

Six of the seven injured were attending funeral services in an undertaking establishment 600 feet from the river. A radiator was blown from the vessel and crashed through a window into the throng.

OHIO GETS PART OF AGRICULTURAL LOAN

WASHINGTON, D. C., March 27.—(By the Associated Press)—Approval of \$21 advances for agricultural and livestock purposes aggregating \$7,224,000 was announced today by the war finance corporation. The loans included Indiana, \$20,000; Michigan, \$15,000; and Ohio, \$74,000.

HEAR, HEAR, ALL YE LONG BEARDS!

OFFICIALS of the "Days of '49" celebration to be held at Sacramento, Cal., May 23 to 28, have made elaborate plans to do honor to the longest beard in the United States.

The man who owns the chin that sports this beard will be a real guest of honor and the beard will surely find a pedestal in California's hall of fame.

Senate Seeks To Clear-Up Tangle Over 4-Power Treaty; Two Methods Considered

WASHINGTON, D. C., March 27.—(By the Associated Press)—Two methods of clearing up the technical tangle over the four-power Pacific treaty and its two supplements were under consideration today by Senate leaders, while the Senate continued debate on the supplementary measure, excluding the Japanese mainland from the scope of the four-power treaty.

Adoption of separate resolution ratifying the supplementary declaration, including mandated islands and excluding domestic questions from operation of the four-power treaty, was one method.

The other plan under consideration by the majority leaders was inclusion in the resolution ratifying the Japanese mainland treaty of the reservations affecting the mandated islands and domestic questions. These suggesting the latter method by which the "declaration" would be made a part of the ratification of the supplementary treaty pointed out that it would meet the objection of demands that a separate ratification of the declaration would not require action by the other signatories.

Ratification of the Japanese mainland supplementary treaty within a few days was predicted. Informal canvasses today, it was said, disclosed that the ratification vote probably would be larger than that which approved the four-power treaty. A number of Democrats who opposed the four-power measure, it was believed, would vote for the supplement excluding the Japanese mainland.

Leaders planned to proceed with voting on the supplement, despite the absence of 15 senators on the Pacific Shores inspection trip. Republican leaders said that canvasses of senators remaining here insured a two-thirds vote for the supplement on the basis of the vote on the four-power treaty.

New Low Record Made For German Exchange

NEW YORK, March 27.—(By the Associated Press)—German exchange broke all previous low records here today, marks falling to 20 1/8 cents per 100. The previous minimum quotation for this month was 23 1/2 cents per 100, made last week.

BANDITS ARE FOILED

CINCINNATI, O., March 27.—(By the Associated Press)—Four armed and masked bandits made an attempt to rob the Industrial Products company, formerly the Union Distillery, early today. Harry Moore, engineer at the plant, and Doug Fisons, inside watchman, saw the bandits tie up August Dolman and the outside watchman quietly telephoned to the police. Before the latter arrived the bandits had fled in an automobile.

PACKERS FACE CHARGE MONOPOLY

KANSAS CITY, Mo., Mar. 27.—With J. Ogden Armour, of Chicago, president of Armour and Company, subpoenaed as a witness, the federal department of agriculture's hearing of complaints against the packing company was scheduled to open here today.

Charges of monopolistic practices in the conduct of the Mistletoe yards here, tending to depress the price of hogs and interfere with open competitive trading were brought against the Armour company in January by J. P. Swift and Frank Witherspoon, livestock commission men, acting for the Kansas City Livestock Exchange. Violation of the federal packer-stock yards control act of 1921 is charged.

Under the provisions of that act, the hearing is being held before a commissioner of the department of agriculture, J. T. Hiner. Thirty-nine associations of livestock producers and farmers, including the Kansas State Livestock Association, the Missouri Livestock Association, the Oklahoma Livestock Association, the National Livestock Producers' Association and the Farmers' Union of Kansas, have joined the local livestock exchange in the charges against the Armour company.

FARRINGTON TO MEET WITH COAL OPERATORS

SPRINGFIELD, Ill., Mar. 27.

Acting upon his promise to coal operators, President Frank Farrington, of the Illinois union miners, has wired presidents of three coal operators' associations of Illinois that would meet them in conference Wednesday in Chicago.

When asked if this conference might result in a separate wage scale for Illinois miners, Mr. Farrington said "not at this time, I believe."

Three Mysteriously Shot To Death By New York Gunmen

NEW YORK, March 27.—(By the Associated Press)—Three men were shot to death under mysterious circumstances in New York last night and early today. The man, fired by a fashionably dressed young woman, was shot down by a pair of gunmen who fired from the windows of a taxicab. Another was slain as he walked through a crowd of pedestrians in 110th street at Fifth Avenue. The third victim, propped between two men standing in a Brooklyn street, was loaded into a taxicab and taken to a hospital. He was dead upon arrival.

Henry Stern, young chauffeur, walked in the 110th street crowd. A muffled report was heard. Stern fell in the sidewalk. He was taken to a hospital and died a short time afterward. He had been shot through the side. His clothing was badly burned by powder, evidence that a gun had been placed against his body.

An unidentified young man, well dressed, was seen conversing with a smartly attired girl in Madison street. They stood on the curb. They quarreled, bystanders said, and parted. Then she returned and again talked with the youth. A taxicab drove to the curb, the door opened and two men fled. The woman entered.

Two men, supporting between them a lifeless form, hailed a taxicab in Brooklyn. They took James Monry, eighteen years old, to a hospital, but he was dead from bullet wounds in the body. The men said he had attended a "social entertainment" with them and gave the names of other persons who were there. Sixteen men and four women, who were present at the entertainment, were held for questioning.

Irish Free State Bill Given Final Reading Before Lords

LONDON, Mar. 27.—(By the Associated Press)—The Irish free state bill passed its third and final reading in the house of lords today.

Porte To Retain Armenia, With String, Holds Constantinople

PARIS, March 27.—(By the Associated Press)—Turkey is conceded nearly all her claims, except those to Adrianople and part of eastern Thrace, in the memorandum which the allied foreign ministers today forwarded to Athens, Ankara and Constantinople with a view to its acceptance as a preliminary peace settlement, revising the treaty of Sevres.

The Eoos-Midia line in Thrace is modified so as to give Turkey more territory on the Bulgarian frontier, but the old Turkish capital of Adrianople is excluded.

Constantinople remains Turkey's and she retains Armenia, with the population under League of Nations protection, but she loses the Gallipoli peninsula and Mesopotamia.

The foreign ministers give the Greek and Turkish belligerents three weeks in which to reply to the proposed terms.

The features of the preliminaries to peace proposed to Greece and the Turks by the foreign ministers are:

Perpetual freedom of navigation of the Dardanelles and the Bosphorus. Turkish sovereignty over all of Asia Minor and all of the territory bounded by the Caucasus, Persia, Mesopotamia and the Mediterranean and Aegean seas. The Armenians to be under the protection of the League of Nations, but the territory inhabited by them to be under the sovereignty of Turkey, with an eventual national home to be found for them by the league.

Adrianople to go to Greece, but a large percentage of Thrace is to be returned to Turkey.

The peninsula of Gallipoli to go to Greece.

The foreign ministers in their memorandum inform the belligerents that the desire of the allies is to re-establish peace and to re-establish the Turkish nation in the territories that were considered as belonging to it with Constantinople; to assure the Mussulman population the most equitable regime; to give Greece compensation for the sacrifices she made in the war; to protect the racial minorities; and to prevent further wars between Turkey and the European powers.

To this the ministers added:

"The people or the government that would reject these propositions through prejudice assumes the responsibility for the continuation of the conflict."

FOOD COST REDUCED

WASHINGTON, D. C., March 27.—(By the Associated Press)—Retail food costs in ten cities decreased from one to four per cent from February 15 to March 15, the bureau of labor statistics announced today. The decreases were as follows: Manchester, 4 per cent; Baltimore, Bridgeport, Newark, New Haven, New York, Richmond and Washington 3 per cent; Milwaukee, 2 per cent; and Denver, 1 per cent.

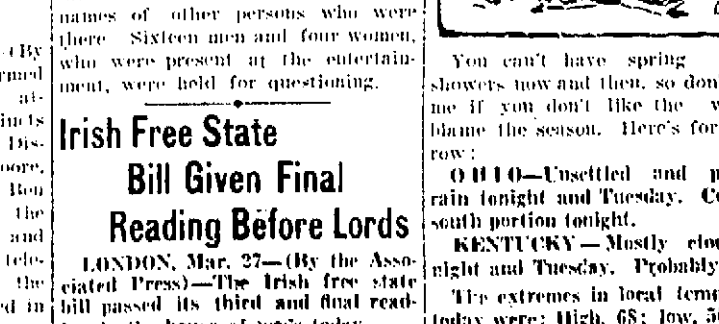

For the year ending March 15, last, retail food prices decreased 13 per cent in Bridgeport and Denver, 12 per cent in Manchester and New Haven, 11 per cent in Baltimore, Washington and Milwaukee; 10 per cent in Newark and nine per cent in New York and Richmond.

CEASE AIRPLANE SEARCH FOR FLYING BOAT VICTIMS

MIAMI, FLA., March 27.—(By the Associated Press)—Airplane search for the bodies of Mr. and Mrs. August Bulle and Mrs. Mrs. Lawrence Smith, of Kansas City, and Mrs. J. S. Dickson, of Memphis, lost when the flying boat Miss Miami was wrecked at sea last Wednesday, has been discontinued, but the sub-chaser service went on early today in the hope that some trace of the victims of the tragedy might be found.

The sole survivor of the tragedy, Robert Moore, the pilot, who was rescued Saturday, is now in a hospital slowly recovering from his experiences.

Mrs. Albert Russell and Mrs. Jas. Tate, of Eleventh street, near Waller, had a thrilling ride about three o'clock Sunday afternoon when the Chevrolet touring car which they occupied dashed off the Scioto Trail and plunged over a fifty foot embankment near the Five Mile church. Strangely enough the machine did not upset in the wild journey down the hill and stopped only when it reached the level of the X and W tracks and ran against the ties.

The two women were only slightly injured, being hurt about the face as the result of being tossed about in the machine when its wild trip down the steep grade was suddenly stopped by coming into contact with the timbers, but they were badly frightened and suffered considerably from shock.

Mrs. Tate and Mrs. Russell and the latter's husband, "Tuck" Russell had started to Rushmore to visit his brother and had reached Davis Station when a blowout caused them to turn back towards home. At the Five Mile Hill Mr. Russell stopped the car and took off the flat tire to keep it from further damage and when he cranked the car to resume the journey it was in gear and before he could reach the steering wheel in a desperate effort to change the course of the car it slid over the hill. Russell clung to the car and tried hard to steer its progress and he was dragged considerable distance before he was knocked loose when he struck a telephone pole. Russell was hurt slightly about the head and shoulders when he was knocked down by the machine which was not damaged to any extent.

Fire Caused By Incendiaries

PORTSMOUTH, Mar. 27.—The Union school back of Proctorville was burned last night, and all indications point to the fact that it was set after by some one. The Board of Education communicated with county officials and they were authorized to procure blood hounds from Huntington, which was done and the dogs went immediately to the home of John Smith, near where a fight almost occurred. The Smiths ordered the officers and men from the premises and there was considerable excitement for a time. Smith has been having considerable trouble with the teacher of the school

for some time. His wife was arrested for disturbing the school when she went to the school to accuse the teacher for punishing the children of the Smiths. The matter is still pending before the grand jury. Later Truitt Officer Handley arrested Smith and he is to have his hearing soon before Squire Neal for failure to send the children to the school. The school was broken into some time ago and it was left in a shameful condition, and as soon as it was reopened by the Board of Education it was burned.

Revival Still Going On At Terminals

The revival at the Terminals church still continues in great power. By far the largest congregation of the series was present last night, and the spirit of God was working in mighty power. Fifteen persons knelt at the altar and gave themselves to God, and three others requested the prayers of God's people that they might be helped to decide the question of their soul's salvation.

The special music was a violin solo by Mr. Gilmore, accompanied on the piano by Mrs. Gilmore and two vocal solos by Mrs. Hannah Reider. She sang "Life's Railway to Heaven" and "Calling the 'Prodigal'." The sermon "Quit Ye Like Men" 1 Cor. 16:13, was a special appeal to the men of the community.

There will be services a few days longer. The meeting tonight will begin at 7:15. The Maundy church choir will be present to furnish the special music. You'll give them very much and everybody is cordially invited to come. Are you giving serious thought to the welfare of your immortal soul, which God said is worth more than this whole world?

Stockholders Are Wondering

The Chillicothe News-Advertiser says:

"Local stockholders who purchased about \$100,000 worth of stock, either in the American Clearing Co. or The Walcott Stock Farm Co. in Florida, are commencing to wonder when they are. Rumors are flying thick and fast, and that there was an intention Saturday that a receiver is to be asked for."

The American Clearing Co. is a foreign corporation, while the Walcott company was organized in Ohio. It

is said that nearly a million dollars' worth of stock has been sold in Ohio, and as stated about \$100,000 of it came to Koss county.

The scheme was a gigantic one of clearing land, on which there were thousands of tree stumps. A patent stump puller was a part of the financing plan, and turpentine and other products were to be realized from the tree stumps. After the land was cleared there was to be another fortune in crops. Now they fear it was only another Mulberry Seller's dream."

NETHERSOLE, ETHEL BARRYMORE

and now NAZIMOVA in CAMILLE

The Camille of modern France; chic with the charm of the Parisienne who gowns at the Rue de la Paix, dancing with the abandon of a gleesome pagan from the Casino in Montmartre, sparkling with the golden gaiety of champagne, and loving with the intensity of one who gives life for love. The role in which the leading actresses of the world have scored their greatest triumphs on the stage now interpreted in a modernized screen version by the supreme Russian artist, NAZIMOVA.

500 Curious People Stand In Rain At The Funeral Of Roy Chamblin

WEST UNION, O., March 27.
—While a slowly falling rain
kept many away, yet more than
500 curious spectators gathered
Sunday afternoon around the
house on Mulberry street, where
lives Mrs. Eva Easter Paris,
and from where the funeral
services were held over the re-
mains of her son, Roy Chamblin.
The crowd seemed to realize that
Chamblin had paid in full the
penalty for his double crime, and
while recognizing that justice
had demanded his death, yet
was willing to forget for the
time the brutal drama and sym-
patize with the mother, who
was so sincerely mourning the
passing of her son. The father,

Homer Chamblin, of Shelbyville,
Ind., was not present at the fun-
eral, he having wired earlier in
the day that he was too ill to
come to West Union. Other re-
latives, however, were present
from Portsmouth and Cincinnati.
Mrs. Paris, although on the

verge of breaking down several
times, was able to attend both
the services at the house and at
the grave.
The services were in charge of
the Rev. A. E. Sager, assisted by
Rev. Mills, and the body was
laid to rest in the Old South
cemetery.

FRECKLES AND HIS FRIENDS

FRECKLES IS APPRECIATIVE

BY BLOSSER

ALL IS PEACE

BY C. A. VOIGHT

Miss Dolly Wise

Dear Dolly:—I am the "Disgraced Girl" who wrote you three weeks ago, and I am still disgraced because the girls who dress in the height of fashion get all the attention and I don't get any because I dress the way some of the men seem to think that we ought to dress. I don't happen to have a date every Sunday afternoon like the so-called palmed dolls. When the men have time enough to notice the plain sensible girls, we won't have so many old maids and spinster girls. Dolly I like to dance, but when I go to a dance I have to sit by and watch the painted dolls dance. The men can't see me because I am not all in up with painted cheeks and bobbed hair. I often wonder what kind of wives these girls will make, who don't know how to do a thing but doll up.

A BACK NUMBER.
You are foolish to class yourself a back number in this day and age. Get yourself a 1922 calendar and the latest fashion books and dress right up to the minute. You can do this without bobbing your hair or painting either. Don't pay any attention to these street corner reformers who would not know a porcupine had from a Mohawk blonde if they met them on the street.

Dear Dolly:—Can't you tell me when the eight months law for country schools went into effect?
WANT-TO-KNOW.
It went into effect about 1908.

Dear Dolly:—What do you think of a woman who has a good husband and two lovely children and a husband who works every day and who does not know what a vacation is to spend all her husband's money for fancy and everything else she wants and then uses unbecoming language to her husband in the presence of her little ones. Dolly she calls her husband vile names, and runs to church and Sunday school and makes people believe she is a great church worker. Don't you think she is a hypocrite?
DAILY READER.

She's worse than a hypocrite, if she uses vile language in the presence of her little ones or anyone else. I don't think much of her husband either, for permitting her to carry on like that. He hasn't much backbone or he would have a little to say about what goes on in his own home.

Dear Dolly:—If you have a recipe for marshmallows, will you please print it.
COUNTRY READER.
Four ounces of pulverized gum arabic, one cup cold water, one cup pulverized sugar, pinch salt. Boiling to taste. Soak the gum arabic in the water for two hours, put in a double boiler, bring slowly to the boiling point and when the gum is dissolved strain through coarse muslin. Return to the double boiler with the sugar and stir long and steadily until the mixture is stiff and white. Remove from the fire; beat hard for a minute; flavor to taste and beat for a minute more. Pour into dish dusted with corn starch, cut into squares and roll in cornstarch and sugar.

TIMES SERVICE PATTERN

A UNIQUE DESIGN.
1927. Fashion has given most graceful lines to this pretty dress, and made it simple too, so that its development will not cause confusion. The slender as well as the plump girl will look well in this dress. Dimples, taffeta, serge, velvet or jersey could be used. It is also nice for wash fabrics.
The Pattern is cut in 4 sizes: S, M, L and 14 years. A 12 year size requires 1 1/4 yards of 32 inch material.
Pattern mailed to any address on receipt of the in silver or stamps and in extra for postage.

Adventures Of The Twins

BY OLIVE ROBERTS BARTON

The Twins ate like the hungry little travelers they were.

WHEN Twelve Toes, away up in the sky in the form of a hat, saw the Twins, he was startled with rage. After all his trouble of going to the Magiclan Star and throwing down terrible dreams to the children, this was the end of it.

Nancy turned back from the precipice she had nearly fallen over, and Nick turned back from the thorny patch which might have torn him to pieces, and they reached the little bush under which they had slept, and near which they had buried the record to keep it safe.

"Oh, Nick!" cried Nancy. "I'm so glad to see you! Why did you go away and leave me?"

"And why did you?" asked Nick. "I didn't know I was going," said Nancy. "I must have walked in my sleep."

"Neither did I," declared Nick. "I must have, too."

"It must have been Twelve Toes again," said Nancy. "But we'll have to get the record and hurry along. There's the sun coming up now."

The Twins ate like the hungry little travelers they were.

"Let's eat first," said Nick, remembering about the basket.

Instantly the little basket appeared, containing hot porridge and cream, toast, fruit and cocoa. And the Twins ate like the hungry little travelers they were. One can't climb mountains and have so many thrilling adventures without getting up a good appetite.

When they had finished, the little basket disappeared, and now the Twins were ready to go on their way.

"I'll get the record," said Nick, going over to the big stone behind which they had hidden it, under some gravel.

"It's gone!" he called out instantly. "It's not here at all! Someone has taken it! Come here, Nancy, quick!"

Nancy hurried as fast as her legs could carry her. What Nick said was true. There was nothing there but a little hollowed-out place in the ground where the record had been.

YEZDIGERD GROTTO PLANS BIG SPRING CEREMONIAL

With that brand of enthusiasm that spells success, the members of Yezdigerd Grotto are "all set" for the spring ceremonial to be held at the Sun Theater, Wednesday afternoon and night of this week, when a class of more than one hundred candidates will be conducted through the mysterious channels of the enchanted realms. Applications are coming in at flood tide rate and there seems to be no question but that 100 new members will have their hopes gratified. Ward was received Sunday, that Ironton would send down at least twenty candidates. This number may be doubled, for the Irontonians are expected to link up with Yezdigerd Grotto, and have asked for local numbers to visit them Tuesday with the hope the class can be greatly enlarged. With this end in view, Prophets John Underwood, Robert Haislip and Ed. V. Leach will visit Ironton and scatter plenty of enthusiasm among the Masonic brethren. A committee consisting of S. S. Brierley and Robert Haislip will likewise visit Lucasville this evening and see if it is possible to have quite a number of Valley township brethren link up with the local Grotto. When Prophets Brierley and Haislip go gunning they generally fill their game sacks and there is no question but the "open season" for Prophets will tell in their report.

All arrangements have been completed for the Spring ceremonial. There is not a single doubt but this ceremonial will be the climax of all initiatory work on the part of local prophets, Portsmouth citizens will no doubt swell with pride when they hear the new Grotto band that will lead the parade through some of the principal streets of the city.

The band is right now a finished organization, and it is going to do a whole lot toward advertising the Grotto. The leader, George Kah, is more than pleased with the work of the band and considers it an honor to lead the boys through their maneuvers and skillful evolutions.

The members of the Grotto, to be assembled at the Masonic temple promptly at 1:30 o'clock Wednesday afternoon. There the parade will form. Led by the band, the parade will move thusly: West on Fourth to Market; south on Market to Second; east on Second to Chillicothe; north on Chillicothe to Seventh; east on Seventh to John; south on John to Gallia; West on Gallia to Chillicothe counter-march on Gallia to the Sun Theater where the ceremonies will be held.

It will be good news to the members to learn that the Huntington Grotto will be represented here by at least forty Prophets. They have been commissioned to come down and see how Yezdigerd Grotto have at home. They are all well acquainted with how the organization does things away from its own fire-side, for Yezdigerd Grotto had the pleasure of instructing the Huntington Grotto. That all visitors will be shown a royal good time was assured when Monarch John Millard appointed Prophet Alan N. Jordan as chairman of the reception committee. Prophet Jordan has been empowered to select his own committee and needless to add he will pick five ones for there are no dead ones among Portsmouth Prophets.

One of the features of the afternoon work will be the showing of a comic movie, George Law, proprietor of the Eastland theater has kindly offered to furnish the film and operator free of expense. This move on the part of Mr. Law is very highly appreciated, all the more because it came voluntary. Following the thoughtful action of Mr. Law, Prophet Ed. V. Leach stepped forth and through the liberality of the Deisel-Warner Manufacturing Co., the Washington Hotel Cigar Co., will furnish free all cigars for the ceremonial and banquet. The banquet, which will be served at six o'clock at the Masonic Temple, is expected to be one of the finest of affairs. It will be served by the members of the Eastern Stars and they expect to go the limit in the serving of good things to eat.

All in all the ceremonial will no doubt be one of the biggest things done in this part of the state. While the class will be one of huge proportions, there is always room for more and 200 can be accommodated as well as half that number. There are quite a number of Masons who signed the charter list and who have never availed themselves of the opportunity of being obligated. Monarch Millard states that all those who signed the charter can still "get in" by the payment of \$15. However, this will be the last ceremonial at which that class can be accommodated for that fee. It will cost them the regular initiation fee of \$25 hereafter. A word to the wise is sufficient.

BRINGING UP FATHER

KILLS SELF IN WIFE'S PRESENCE

While sitting in a chair in the same room with his wife at his home at Vinton Furnace, three miles south of Lyra, at eight o'clock this morning, Joseph Monroe about 50 years of age, placed a revolver to his breast and sent a bullet through his body. Information that reached Coroner J. D. Hendrickson was that the bullet entered the body near the heart and Monroe died within a few minutes. According to the family, ill health must have been the motive, although he had been ill only a short time.

Mrs. Monroe, who teaches school at Vinton Furnace, was busy combing her hair when her husband fired the shot that snuffed out his own life. She turned at the report of the shot and was horrified to see blood soak-

ing through his clothes at the place where the fatal bullet entered the body.

Mr. Monroe had lived in the Vinton Furnace community for about twenty-five years and was well known in that section of the county. He moved there from near Minford. He was known as a prosperous farmer, and just recently ordered lumber with which to build a new barn on his place.

Besides the widow, who was formerly Miss Katie Patton, born and reared near Lyra, seven children survive. They are Miss Mary Monroe, teacher at Garfield school on Gallia street, and Miss Irma Monroe, who attends Portsmouth high school. Raymond Monroe, who is married

and lives at Marion, Joseph Monroe, Jr., at home, and who attends school at Lyra, and Arthur, Waldo and Irene Monroe at home.

Coroner J. D. Hendrickson of this city was notified of the fatal shooting, but on account of illness could not go to the scene. He has instructed

of a Lawrence county friend to investigate the suicide tomorrow. Undertaker Frank McCurdy of Wheelersburg was called by the family at noon to take care of the body.

Misses Mary and Irma Monroe were called home this morning shortly after the shooting.

Jewell Opens Fight On The Wage Cuts; Says Present Plan Unjust

CHICAGO, March 27.—(By the Associated Press).—Characterizing the present principles of wage adjustment as unjust, B. M. Jewell, president of the railway employees' department of the American Federation of Labor, told the railroad labor board today that costs and wages should remain constant, even to the elimination of profits, and that until that economic basis was accomplished conflict between capital and labor would continue.

Says Profits Should Not Continue

Mr. Jewell opened his fight against general wage reductions sought by the railroad board today. He treated as irrelevant all carriers' arguments of lower living costs and lower wages in other industries, as asserted "the so-called law of supply and demand will never afford a living wage in a system organized according to modern business principles," and declared for a living wage for all productive workers of the country.

Interest and profits must not continue while the working man suffers low wages and unemployment, Mr. Jewell asserted in presenting his theory of the living wage.

A guarantee of steady earning power to the wage earner, even at the expense of immediate profits, he added, would go far toward eliminating these recurrent periods of depression.

Challenges Justice of Wage Rates

"We have come here to challenge the justice of the wage rates of all the justice of the wage rates of all very principle upon which the rail-

roads propose that rates of pay be adjusted," said Mr. Jewell. "We propose to show how the entire purpose for which industry is operated can and must be changed."

"The existing wage scale is insufficient to enable an adult to maintain an ascertainable minimum of decent living. The railroads are saying to their employees, 'We can not afford to pay a living wage,' while we say that the railroads must pay at least that."

Profits Sole Variable Factor

"Out of the annual yield of any industry," Jewell continued, "three things are being paid, costs (including supplies, depreciation, extensions, taxation, etc.); wages and profits. Two of these, we say, ought to be constant, costs (reduced to an economical figure) and wages at a level which will allow full human life, inclusive of art, literature, music, recreation and sociability, such as are enjoyed by the well to do. This leaves profits as the sole variable factor and frankly conten-

plates a situation in which temporarily they may have to cease. Until that situation has been accomplished the conflict between capital and labor will continue."

Union Waits Developments

INDIANAPOLIS, IND., March 27.—(By the Associated Press).—With plans complete for the nation-wide coal strike, union leaders here today awaited developments in their program for a complete tie-up of the country's coal industry through their call to 200,000 non-union miners to join the half million union workers in the suspension of work next Friday midnight.

No action, however, was contemplated to be taken from the union's international headquarters here today, but district union officials bordering the non-union fields were expected to make formal calls for action on the part of the non-union workers. The nature of the activities among the non-union workers had been left to the discretion of the leaders, but within each field it was understood the union already had many organizers who had been enrolled some time ago as non-union employees.

Interest in the program of striking the non-union fields centered largely in Pennsylvania, where half of the country's non-union men are employed. West Virginia, too, was a center of union attention, for many stubborn battles have been fought there with the operators. Other states with non-union workers who the union hoped to draw into the strike were Alabama, Kentucky, Tennessee, Colorado and Maryland.

International President John L. Lewis was not at headquarters here today, having advised his office that he expected to return here from Springfield, Ill., his home, on Wednesday. Others of the union's executive officers also were absent. Secretary William Green, being at his home in Coshocton, Ohio, and Vice President Philip Murray left New York to take Mr. Lewis' place as head of the miners' sub-committee in conference with anthracite operators over a new wage contract.

While developments in the New York conference this week were expected to clarify the stand of operators, union men here held out hope that the walk-out in the anthracite districts would be averted. On the contrary, they expected the negotiations would continue some time after April 1, and that the hard coal fields would be tied up pending the settlement.

For the soft coal fields no settlement was in sight for any field, although both northern West Virginia and Illinois union fields were to hold wage negotiations with operators. Only a change of the union's policy might permit a settlement and the union men there asserted that they would not begin a retreat before beginning their fight. However, some union men were doubtful that the soft coal fields outside the central competitive field, comprising western Pennsylvania, Ohio, Indiana and Illinois, and the southwestern district, including Kansas, Missouri, Iowa, Oklahoma, Arkansas and Texas, would be able to maintain an indefinite suspension.

Operators here declared that they were ready for a long cessation of work, but some predicted that the miners in some localities would be ready to make separate wage agreements in 30 to 60 days.

Ponzi Loses Case; Faces Trial In State Courts

WASHINGTON, D. C., March 27.—(By the Associated Press).—Charles Ponzi, whose financial exploits in Boston resulted in his plea of guilty in November, 1920, in the federal court to one of two indictments and his sentence to imprisonment for five years, must stand trial in the Massachusetts courts at this time on 22 indictments charging him with certain crimes under the state laws. It was held today by the supreme court in an opinion delivered by Chief Justice Taft.

The quartet will sing each evening this week and also at the afternoon services at 2:30 at the church, corner of Seventh and Gay.

Dr. Knapp will speak this evening on "The Two Hands of Jesus."

Heider Pleases In New Show

"Lola," the musical comedy in which Fred Heider is being starred, pleased a large audience at the Shubert theatre in Cincinnati, where it opened a week's engagement Sunday night. Relative to Heider's work the Enquirer critic Monday said:

Fred Heider, as Phil Mills, hotel clerk, a character similar to that which he portrayed so amusingly in "Lola Lester," provokes much laughter. He is excellent in his eccentric dancing and his exaggerated comic expressions are a source of rare diversion. Archie, diminutive bellhop, is well played by Herman Ergott.

Are you satisfied that you are getting full value according to present market conditions? Do you take it for granted that no certain store is giving you values that some other store can't beat? Strange as it may seem, after six years in Portsmouth, we are selling Coats, Suits, Wraps, Dresses, Blouses, etc., to women who have never been in this store before!

How do you account for this strange condition? The answer is that keen shoppers are beginning to know values—They ARE shopping—and when they come here they are simply astonished at the assortments we show and at the more than reasonable price asked—all due to the fact that this store is doing business on a very low overhead—the lowest store rent in Portsmouth—no fancy salaries and every saving we make reduces the cost of merchandise to the consumer.

Lawful To Honor Relics

The first commandment does not forbid us to honor relics, because relics are the bodies of the saints or objects directly connected with them or with our Lord. Relics are deserving because the bodies of the saints were the living temples of the Holy Ghost and God Himself has honored them by according graces and working miracles through their use. The bodies of President Lincoln, Garfield and McKinley are reverently preserved by a grateful people. A house in Washington is filled with relics pertaining to Lincoln. That which is lawful to do to civil heroes is also lawful to do to the heroes of God, the men of holy lives.

CINCINNATI REDS HAVE NO PENNANT HOPES THIS SEASON

MINERAL WELLS, Tex., Mar. 27.—Pat Moran, this year, is attempting to get back in the National League pennant race with a bunch of new ball players and a few of his old ones sprinkled in.

At this date it is impossible to forecast what success the Cincinnati skipper will enjoy. He has an outside chance.

Pat Moran, always optimistic, is exceedingly proud of his crop of young players and has rather high hopes for his team. However, he is making no predictions as to where his club will finish.

Pennant ideas are not buzzing in his head nor in the heads of his players. Moran has simply tried to impress on his players that he wants every one to give him his best efforts and that he will be satisfied with the results.

Right off the bat Moran is forced to build his new team without counting on the punch of his club, Eddie Roush.

The National League's best outfielder is having his annual salary argument with the club officials. He wants considerably more money than Garret Hermann believes he is worth.

If Roush reports he will be warmly welcomed by Moran. However, the Cincinnati leader is not figuring on Eddie. Incidentally if the salary difference is patched up, it is questionable if Roush will be in condition to start the season in his best form.

Whether or not Roush reports the Reds will start the season with a mighty good outfield. The trade which brought George Burns from the New York Giants in exchange for Heinie Groh has made it possible.

The Reds will open the season with Pat Dugan in left, George Burns in center and Neale in right. In addition, Moran has two promising youngsters in George Harper and Ed Hoek. Harper, who was bought from the Oklahoma City club for a fancy price, has a great chance of becoming into the Cincinnati outfield.

He contracted pneumonia shortly after the training season started, which has held him back. Harper is not a kid, having turned out for the Detroit club for several years.

Moran is perfectly satisfied with his catching staff of Wingo and Hargrave.

The Cincinnati leader figures his catching staff up to major league standard. Despite the absence of Roush he is satisfied with his outfield.

Moran's problem is his infield and pitching.

Will Jimmy Caveney be able to fill the bill at short? Will Babe Pinelli deliver at third?

Cincinnati's chances in a measure hinge on Caveney and Pinelli. On spring form the odds are in favor of them coming through.

Pitching is Moran's other worry. He has two worth-while veterans in Eppa Rixey and Adolfo Luque. Pete Dondore, the Texas collection, seems capable of taking his regular turn.

John Scott, secured from Boston, is his other hope to complete the quartet.

Cincinnati appears to have pretty fair batting strength, plenty of speed on the bases, good catching and an average infield. The club must cobble pitching to be anywhere.

It does not appear to be a pennant-winning combination. Yet it should prove to be a troublesome aggregation.

Cue Wizards Clash Tonight

CHICAGO, March 27.—Final preparations were completed today for the 1,500 point 18-2 billiard match for the world's championship, which starts tonight between Willie Hoppe, former champion, and Jake Schaeffer, who won the title from Hoppe a few months ago.

The players today were given the same careful physical attention accorded championship pugilists a few hours before the bout.

The respective managers both expressed confidence and claimed that the length of the contest would result in their favor. Five hundred points will be played on each of the three nights, the balls being shot the second and third nights from the positions left at the end of the preceding night's play.

The play each night is scheduled at eight o'clock.

The management reported that all of the 1700 seats have been sold. Betting on the match, which is reported rather heavy, remained at even money. The players will split the profits, sixty per cent to Schaeffer as present champion and forty per cent to Hoppe as challenger.

30 Players In Red Squad

By NEA Service

MINERAL WELLS, TEX., March 27.—Manager Moran of the Cincinnati club had 30 players in training. They are divided into 12 pitchers, three catchers, eight infielders and seven outfielders.

Of the 30 players, 16 are new to the team this year. Of this number George Burns and pitcher John Scott have definitely won their big league spots.

Of the 14 players with the Reds last season, just nine played through-out the whole campaign with Cincinnati.

From among the new men Manager Moran must develop or find two new infielders and at least one, possibly two, pitchers to work regularly.

Moran's problem is a big one, since his weakness is in the infield and pitching, two most important assets.

No position on the infield is more vital to the success of a club than shortstop. That position must be filled. It is a certainty that Jimmy Caveney, star of the Coast League, will look after the job.

Caveney is the big if in the Cincinnati defense.

Caveney's Priceless Glove

JIMMY CAVENEY AND HIS GLOVE

In speaking of the ability of certain players, pitchers in particular, one often hears the expression:

"He hasn't a thing except a glove and a prayer."

Jimmy Caveney, the sensation of the Pacific Coast League, Cincinnati's new shortstop, is rated as one of the most promising players that has broken into the National League in years.

Certainly no one can accuse Caveney of having a glove. Possibly

Jimmy will prove strong on prayer, but his glove is the most disreputable looking thing that ever broke into the big show.

Caveney has a great pair of hands, as shown in the picture. They are big, on the Hans Wagner type, ideal for an infielder.

Caveney's glove is of an ancient vintage. It is bandaged with adhesive tape in a dozen places.

However, it is a priceless asset with Caveney.

Tournament News

TOLEDO, O., March 27.—Members of the St. Francis Hotel five of St. Paul, the team that landed in second place on the first squad last night only to be kicked out two hours later by the Westside Aloys, of Watertown, Wis., started the ball rolling this morning in the minor events of the American Bowling Congress tournament. Other bowlers on the first squad of doubles and singles were from Kansas City and Des Moines.

Cincinnati, Columbus and Cleveland were represented on the later shifts.

A. L. Langtry, secretary of the A. B. C., was considering today what further action he will take with the Buckeye Malt Syrup five of Cincinnati, which is alleged to have used an illegal bowler on March 9. Langtry has thrown out the scores and may bring about suspension of the team, it was said.

The outfield will be Ken Williams in left, Jacobson in center and Johnny Tobin in right. Chick Shorten, secured from Detroit, will play utility role.

DEWEY WILL BOSS TEAM

The Jasper baseball club is being organized this week by Paul Dewey and within the next week or two will be ready to schedule games with teams in this section. The Jasper nine was composed of first players last season and this year the club is expected to be better than ever with Rule Scott back on the mound.

Dewey would like to book games with teams in this city, Schobville or Wheelersburg.

May Play Nailers

BRANTON, Mar. 27.—Secretary E. R. Adams of the chamber of commerce is in receipt of a letter from the Toledo baseball club of the American Association stating that they would be in this territory on April 8th enroute from their training camp in Tennessee and would like to play an exhibition game on that date. The matter was put up to the Nether management who stated that he would be ready with his team if the park and grounds were in shape to bring a league club here at that date.

Great Race In Volley Ball League

This week finds the race in the Portsmouth Volley Ball League a regular nip and tuck affair with United Brethren Friendly Fellows fighting it out with the Bankers six. The U. B. team is still in the lead, but they have six hard games this week and they will have to win practically all six to walk away with the top notch honors.

This evening in the high school gym the U. B.'s meet the Bankers in three games and the last three of the schedule for these two. Later in the week the U. B.'s meet Trinity Cubs and the Bankers meet the Trinity Cubs. The Cubs showing new life the past week when they won four out of six from the Bankers and United Brethren.

Wednesday the Bankers meet the Trinity Cubs at the high school gym and on Friday night the Trinity Cubs meet the U. B.'s at Wilhelms hall. All three contests should be attended by big crowds for the games are sure to be hard fought.

PITCHING STAFF IS CRIPPLED

It begins to look like the Reds will start the season with a crippled pitching staff. Scott and Luque are not in very good shape and neither

has done any training to amount to anything. If Dondore and Markle do not come through, Moran is going to be in awful shape so far as his hurling staff is concerned.

Fight In Columbus

COLUMBUS, O., March 27.—Phil O'Dowd, Columbus heavyweight, will meet Pekin Kid Herman, of Pekin, Ill., in a ten-round bout here tonight. Other bouts on the card, all of them ten rounds, bring together Jimmy Mars, Columbus lightweight champion, and Young Ernie, of Johnstown, Pa., and Don Bowsher, Lima middleweight, and Gus Camp, of Pittsburgh.

Inhabitants of Jutland are believed to be the most nearly genuine specimens of the old Danish stock.

Local promoters are seeking a match between Chick Wiggins, of this city, and Joe Downey, heavy weight champion of Ohio. Terms have been accepted by both boxers, and Downey's manager, Baldy Bishop of Cincinnati has sent word asking details. The date for the proposed match is April 24.

Athletics' Training Camp Has Foreign Setting; Players Wear Dust Proof Goggles In Practice

By NEA Service

EAGLE PASS, Tex., Mar. 27.—In filming the 1922 Athletic training story, the two points that rear up above all others are the new players and locale. Speaking of the latter first, no team ever chose a training base with such a foreign stage setting.

Eagle Pass, the gateway to Mexico, is really Mexico. Of its 7,000 inhabitants 5,000 are Mexicans. Signs in Spanish greet the eye everywhere. It is difficult to find a clerk in a store able to speak English.

The park is situated two miles or so from the city in a barren waste at the foot of hills. A few bits of Mexican nearby. Nothing else but a panorama of chapparal, cactus and desert.

The townspeople are courteous and progressive and the hotel accommodations above the average by far.

The only drawback so far has been ever-recurring mood of the wind to cut up high jinks as soon as the ball tossers took the field. A wind here means something.

It means that a gale of dust blows back and forth in whirlpools so as to both annoy the spectator and blind the player. So two days after playing here, one had the novelty of seeing a major league team in training with the players wearing dust proof goggles. Aside from his regulars Mack brought twenty recruits south.

Nevertheless, Manager Mack does not regret coming here and there have been enough satisfactory days to enable the Athletic players to get into condition.

Outfield Strong If Roush Reports

In commenting on the Reds' outfield, Jack Ryler in the Cincinnati Enquirer says:

"The outfield ran pretty well take care of itself so long as George Burns is out there in center. The former Giant is a host in himself, a fast and accurate fielder, a first-class thrower, a fine hitter, with a keen eye at the plate, and a dashing and intelligent base-runner. With great mechanical ability, Burns combines a perfect baseball disposition. He is aggressive without being a foolish brawler and he tries so quietly to win that this actual value to the club is tremendous. He is a fine example to all the younger players and a marvelous asset to the club.

Dugan, Neale and Bressler from last year's team are going well and will probably all be retained. Then two very promising youngsters have been added to the list in George Harper and Eddie Hoek, either one of whom would be practically certain of becoming a regular if it were not for the wealth of experienced outfielders with the team. Harper was dug at such a clip before he was taken down with the flu that Manager Moran was already predicting a permanent place in the lineup for him. He is stocky, sturdy and very fast a left-hand batter of much power and a natural fielder. That he will be with the club throughout the season seems certain.

Eddie Hoek got his chance when Harper was laid up by illness and he came through with much credit. This recruit from the Virginia League resembles Eddie Roush in the most startling manner. He looks like Roush, runs like him after a fly ball, stands at the plate the same way and has the same time swing at the ball. He might be taken for a younger brother of the Oakland City fielder and he seems likely to develop into much the same sort of player. On account of the large number of competent outfielders with the club,

Wheelersburg Selects Win

In the Wheelersburg high school gym Saturday night the Schobville Selects lost to the Wheelersburg Selects by a score of 14 to 10. The game was fast all the way through with the Wheelersburg Selects showing just a little better teamwork than their opponents. Prof. Hall of Iron-ton played with Wheelersburg while the Schobville Selects used center Edwards and forward Powell of the Schobville high school five. Other players on the winning side were E. Chaycraft, C. Chaycraft, Hoek, Burke and J. Smith. An ice cream supper
